## PROFILE INFO

Motivated Computer Science Engineering student at Darshan University with knowledge of Web Development, Flutter App Development, and UI/UX Design. Experienced in building projects such as Flipkart Clone using React, Node.js, and MongoDB and mobile applications using Flutter and Firebase. Skilled in developing responsive user interfaces, implementing backend functionality, and creating user-friendly designs. Passionate about learning new technologies and building real-world software solutions.

## EDUCATION

2022 – 2026

DARSHAN UNIVERSITY

- B.Tech in Computer Science and Engineering
- CGPA: 6.47

2020 – 2022

KALYAN HIGH SCHOOL

- HSC (Science A)
- 43.08%

2019 – 2020

OM SHREYAKAR VIDHYALAY

- SSC
- 68.67%

## TECHNICAL SKILLS

- Frontend: HTML, CSS, Javascript, React
- Languages: Python
- Tools: Figma, MongoDB

## LANGUAGES

- English
- Gujarati
- Hindi

## PROJECTS

### Flipkart Clone (React, Node.js, MongoDB)

- Built a full-stack e-commerce application replicating Flipkart UI/UX.
- Implemented product listings, product **search**, **cart** management and checkout.
- Integrated secure **user login** and registration using MongoDB.

### Wallpaper World Application (Flutter, Firebase)

- Developed a mobile application for browsing, downloading and setting wallpapers.
- Built an **admin panel** for managing wallpaper categories and uploads.
- Integrated Firebase Cloud Storage for hosting wallpapers.

### Movie Ticket Booking App (Figma, UI/UX Design)

- Designed UI/UX for a **movie ticket** booking application using Figma.
- Created **wireframes**, prototypes and high-fidelity designs.
- Conducted usability testing and user research.

## CERTIFICATIONS

- Web Development One Day Hackathon – Darshan University (9 Dec 2023)
- Gemini for Google Workspace – Simplilearn (April 2025)
- NPTEL Cloud Computing Online Certification (Jan–Apr 2025)
